Song title: Minuet

What is going well at this point?

Tone Quality
Blend
Collaboration
Communication
ensemble skills

We are doing pretty well on communication and collaboration. We all listen to each other, and help each other. We are also working on blending tone quality.

What is your group's most immediate need in order to make improvement?

Dynamics
Speed

We still need to work on dynamics. I think dynamics ~~that~~ is the most challenging part for this group.
